- What else is important to you?
- I want to make a school in my country.
- Why?
- The education rate in my country is very low, by making a free school I can help poor kids to get education.
- How much will it cost?
- It costs about \$312,000, but its worth it.

Summary of Long Term Goals

- How much do you plan on earning?
- I plan on earning approximately about the same amount of money that every dentist make.
- How long will it take?
- In order to become a dentist, it will about 8 years of college/university.
- How much do you plan on spending?
- It depends on the college/university I will attend in future.

How do I accomplish my Long-Term goals?

- In order to accomplish my long-term goals I will have to be confident toward my goals.
- I need to very focus on each step that I'll take in the future. I need to know all the consequences when it comes to make any decision.
- Also need to work very hard and make wise decisions.
